 - b) Particulars of their bank account maintained in India with Complete name, branch, account type, account number and address of the bank with pin code number, if not furnished earlier.
18. Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/CIR/2022/8 dated January 25, 2022, has mandated the Listed Companies to issue securities in demat form only while processing service requests viz. Issue of duplicate securities certificate; claim from Unclaimed Suspense Account; Renewal/ Exchange of securities certificate; Endorsement; Sub-division/Splitting of securities certificate; Consolidation of securities certificates/ folios; and Transposition. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, Members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the Company or Company's Registrars and Transfer Agents, MUFG Intime India Pvt. Limited for any assistance in this regard.
19. Accordingly, Shareholders are requested to make service requests by submitting a duly filled and signed Form ISR-4. For Transmission cases shareholders are requested to submit Form ISR-5 as specified vide SEBI Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/65 dated May 18, 2022.
20. As per the provisions of Section 72 of the Companies Act, 2013 read with Rule 19(1) of the Rules made thereunder, the facility for making the nomination, cancellation or variation of the nomination is available to the members holding the shares in physical form. Members desirous of making nominations are requested to send their requests in Form SH.13. Further, SEBI vide its Circular dated November 3, 2021 has mandated to furnish Form ISR-3 for opting out of Nomination by physical shareholders in case the shareholder do not wish to register for the Nomination.
21. Relevant documents referred to in the accompanying notice or explanation statement are open for inspection by the members at the AGM through the electronic facility and such documents will also be available for inspection in physical or electronic form at the registered office on all working days, except Saturdays, from 11:00 a.m. to 1:00 p.m. up to the date of the AGM.

22. The register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170; the register of contracts or arrangements in which directors are interested, maintained under Section 189 of the Companies Act, 2013 read with rules issued thereunder; and all other documents referred to in the accompanying notice will be available for inspection by the members in electronic mode at the commencement of the meeting and shall remain open and accessible to the members during the continuance of the meeting upon log-in to the MIIPL e-voting system at <https://instavote.linkintime.co.in>.
23. The Board has appointed Mr. Pawan Kumar Sarawagi (Membership No. FCS 3381), of M/s. P Sarawagi & Associates, Company Secretaries, Kolkata as the Scrutinizer to scrutinize the remote e-voting process and voting process at AGM in a fair and transparent manner.
24. The Scrutinizer shall, immediately after the conclusion of voting at the AGM, first count the votes cast during the AGM, thereafter unblock the votes cast through remote e-voting and make, not later than 48 hours of conclusion of the AGM, a consolidated Scrutinizer's Report of the total votes cast in favour or against, if any, to the Chairman or a person authorised by him in writing, who shall countersign the same.
25. The Results declared along with the Scrutinizer's Report shall be placed on the Company's website www.agventuresltd.com and on the website of RTA immediately after the result is declared by the Chairman; and results shall also be communicated to the Stock Exchanges.

26. Instructions for remote e-voting and joining the Annual General Meeting are as follows:

The remote voting period begins on July 21, 2026, at 9:00 a.m. (IST) and ends on July 23, 2026, at 5:00 p.m. (IST) During this period, members of the company, holding shares either in physical form or in dematerialized form as of the cut-off date on Friday, July 17, 2026, may cast their vote electronically. The remote e-voting module shall be disabled by MIIPL for voting thereafter. A person who is not a member as of the cut-off date should treat this notice for informational purposes only.

Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020, under Regulation 44 of the Listing Regulations, listed entities are required to provide remote e-voting facilities to their shareholders in respect of all shareholder resolutions. However, it has been observed that the participation of the public, non institutional shareholders, and retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facilities to listed entities in India. This necessitates registration on various ESPs and the maintenance of multiple user IDs and passwords by the shareholders.

To increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting for all the demat account holders, by way of a single login credential through their demat accounts or the websites of depositories or depository participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby not only facilitating seamless authentication but also enhancing the ease and convenience of participating in the e-voting process.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013.

As required under Section 102 of the Companies Act, 2013 the following Explanatory Statement sets out all material facts relating to the Special Business as mentioned in accompanying Notice dated May 22, 2026.

Item No. 3

Pursuant to demerger of Chemical business of the Company, Executive Directors of the Company including Mr. Akshat Goenka ceased to be Executive Director of the Company from close of business hours on June 30, 2024. Consequently, there was no Managing Director or Whole time Director of the Company w.e.f. July 1, 2024. Mr. Akshat Goenka however, continue to serve the Company as Non-Executive Director, Promoter of the Company. The Members of the Company had, at the 45th Annual General Meeting held on July 28, 2025, approved the payment of commission of up to Rs. 125 Lakhs to Mr. Akshat Goenka, Non-Executive Director, for the financial year 2025–26. Pursuant to the recommendation of the Nomination and Remuneration Committee and considering his contribution to the affairs of the Company, the Board of Directors has approved the payment of commission of Rs. 50 Lakhs to Mr. Goenka for the financial year 2025–26, which is within the limit approved by the Members.

Keeping in view the valuable contribution, responsibilities and the time devoted by Mr. Akshat Goenka in the Investment business, the Nomination and Remuneration Committee and Board of Directors of the Company at their meetings held on May 22, 2026, has recommended payment of Commission / Remuneration not exceeding ₹ 125 Lakh to him for the Financial Year 2026-27. The commission as proposed along

with the remuneration drawn by Mr. Akshat Goenka, from Duncan Engineering Limited, the subsidiary Company, where he serves as the Managing Director of the Company may exceed the maximum limit admissible under Section 197 of the Companies Act, 2013. Further, in the event of loss or inadequacy of profits in the financial year 2026-27, the Company would pay such commission/remuneration, not exceeding ₹ 125 Lakh, as the Board may decide, based on the recommendation of the Nomination and Remuneration Committee, to Mr. Akshat Goenka, Non-Executive Non-Independent Director of the Company, as minimum remuneration, in accordance with the provisions of Section 197(3) read with Schedule V to the Act, notwithstanding that such remuneration, together with the remuneration drawn by him from the Company's subsidiary may exceed the limits prescribed under Section 197(1)(ii) and in the Table in Schedule V, Part II, Section II (A) to the Act. Hence, the proposed resolution, as set out in Item No. 3, requires to be approved by Members of the Company by way of a Special Resolution.

The information required as per Schedule V of the Companies Act, 2013 are provided in the **Annexure – B** to this Notice.

Mr. Akshat Goenka having experience of more than 15 years is the main force behind the Investment business of the Company and has been instrumental in helping and guiding the Company towards its investment strategy focused at optimising short term and long term returns. As the Non-Executive Director of the Company, Mr. Goenka shall continue to provide vision, dynamism and leadership which will help the Company achieve high standards of corporate governance, innovation, brand visibility and overall growth. His role in leveraging his

wide network of relationships will always be beneficial to the Company. The Board deems it appropriate to recognize his contribution and deems it fair to suitably remunerate him as proposed.

Regulation 17(6)(ca) of the SEBI Listing Regulations necessitates Members' approval by way of a Special Resolution for payment of remuneration to one Non-Executive Director in excess of 50 percent of the total remuneration payable to all Non-Executive Directors of the Company. The proposed remuneration to be paid to Mr. Akshat Goenka, will exceed 50 percent of the total annual remuneration payable to all the Non-Executive Directors.

Thus, the consent of the Members of the Company is being sought by way of a Special Resolution.

The Board recommends the Special Resolution, as set out at Item No. 3 of the Notice, for approval by the Members of the Company. Except Mr. Akshat Goenka and Mr. Arvind Goenka, Directors and their relatives, none of the Directors / Key Managerial Personnel and their relatives are in any way, concerned or interested, financially or otherwise, in the resolutions set out in Item No. 3 of the Notice.

A brief profile of Mr. Akshat Goenka is provided in the **Annexure – A** to this Notice along with other requisite information in compliance with Regulation 36(3) of the SEBI Listing Regulations and the SS-2 issued by the ICSI.

The documents mentioned in the resolution shall be made available for inspection, electronically by the Members of the Company, on a virtual platform and in physical form at the Registered Office of the Company, during 11:00 A.M. to 1:00 P.M. on all working days, except Saturdays, up to the date of the Annual General Meeting.

Management Discussion and Analysis

1. Economic Review

Global Economy

FY2025–26 witnessed a cautiously optimistic global economic environment, supported by easing inflationary trends, gradual stabilization in interest rates, and resilient consumer demand across key economies. However, geopolitical uncertainties, supply chain realignments, and fluctuating commodity prices continued to influence global trade and investment sentiment. Central banks in major economies maintained a balanced monetary stance, focusing on sustaining growth while ensuring macroeconomic stability.

Precious metals and commodity-linked assets remained attractive investment avenues during the year. Gold and silver prices continued to trade at elevated levels, supported by strong central bank purchases, safe-haven demand, and concerns surrounding global economic uncertainty. Investors globally maintained increased exposure towards strategic commodities, energy transition assets, and infrastructure-led sectors.

Global capital flows during FY2025–26 reflected a preference for economies demonstrating strong domestic demand, policy stability, and long-term growth potential. Emerging markets, particularly India, continued to attract investor confidence owing to sustained economic reforms, robust infrastructure development, improving manufacturing capabilities, and a rapidly expanding digital ecosystem. Equity markets remained selective, with investors focusing on fundamentally strong sectors and businesses capable of delivering sustainable growth amid evolving macroeconomic conditions.

Indian Economy

India continued to remain one of the fastest-growing major economies during FY2025–26, supported by strong domestic demand, improving manufacturing activity, resilient services sector growth, and sustained government focus on infrastructure development. Public capital expenditure towards transportation, energy, logistics, and digital infrastructure continued to strengthen economic momentum and investor confidence across sectors.

Indian financial markets demonstrated resilience during the year despite global uncertainties. Rising retail investor participation, steady inflows into equity mutual funds, and improving corporate earnings supported market stability. The overall investment environment remained active yet disciplined, with investors increasingly focusing on businesses demonstrating operational efficiency, strong fundamentals, and sustainable profitability.

Domestic prices of gold and silver remained elevated during FY2025–26, in line with international market trends and currency fluctuations. Continued macroeconomic uncertainties, geopolitical developments, and investor preference for safe-haven assets contributed to sustained demand for precious metals. India continued to be viewed as a relatively stable and attractive investment destination, supported by policy reforms, economic resilience, demographic advantages, and increasing emphasis on innovation-driven and real economy sectors.

2. Industry Overview

FY2025–26 continued to witness significant developments across commodity-linked businesses, supported by global macroeconomic shifts, supply chain realignments, and sustained investor interest in real assets and physical trade-oriented sectors. Commodity markets, including precious metals, agricultural products, industrial metals, and energy-related segments, experienced continued price fluctuations and changing trade dynamics during the year.

Gold and silver maintained strong market momentum during FY2025–26, driven by sustained central bank purchases, geopolitical uncertainties, inflation concerns, and continued investor preference for safe-haven assets. Agricultural commodities such as cereals, edible oils, and other essential food products also experienced pricing volatility due to changing weather patterns, supply-side constraints, and evolving consumption trends. The overall rise and volatility in commodity prices continued to influence input costs, trade margins, and business valuations across commodity-focused sectors.

The Indian investment ecosystem during FY2025–26 remained disciplined and selective amid evolving global economic conditions. While long-term growth prospects for innovation-led and emerging businesses remained positive, investors continued to prioritize operational efficiency, profitability, governance standards, and sustainable business models over aggressive expansion strategies.

Despite cautious capital deployment in certain sectors, investment activity remained relatively strong in areas such as consumer-focused businesses, agritech, manufacturing, infrastructure-linked enterprises, climate and sustainability-driven ventures, and businesses with stable revenue visibility. Institutional and strategic investors increasingly focused on alternative investment opportunities, structured financing instruments, and asset-backed businesses, reflecting a broader preference for balanced risk-adjusted returns and long-term capital preservation.

3. Opportunities

- **Sustained Commodity Demand:** Continued strength in gold, silver, industrial metals, and agricultural commodities is creating opportunities for businesses engaged in commodity trading, asset-backed operations, and supply chain-linked activities.
- **Preference for Real Assets:** Investors are increasingly favouring businesses supported by tangible assets and inventory-backed models due to their relative resilience against inflationary pressures and ability to generate stable cash flows.
- **Expanding Consumer Economy:** Rising disposable incomes, urbanization, and evolving consumer preferences continue to support the growth of scalable consumer-focused businesses across multiple sectors.
- **Growth in Sustainable and ESG-Focused Businesses:** Increasing awareness regarding sustainability, coupled with regulatory emphasis on ESG compliance and clean technologies, is creating new opportunities in environmentally responsible and innovation-led enterprises.
- **Capital Market Opportunities:** Continued activity in the primary markets and growing investor participation are expected to provide liquidity avenues and fundraising opportunities for emerging and growth-oriented businesses.

4. Risks

- **Market and Funding Volatility:** Ongoing fluctuations in capital markets, changing investor sentiment, and selective deployment by private equity and venture capital investors may impact valuations, funding availability, and exit opportunities for investee businesses.
- **Commodity Price Fluctuations:** Volatility in prices of precious metals, agricultural commodities, energy products, and industrial inputs may adversely impact operating margins and cost structures of businesses operating within trading, manufacturing, and consumer-linked sectors.
- **Regulatory and Policy Changes:** Changes in government policies, taxation frameworks, foreign investment regulations, ESG-related disclosures, and compliance requirements may affect operational efficiency and sector-specific growth prospects.
- **Global Economic and Geopolitical Uncertainties:** Ongoing geopolitical tensions, trade disruptions, inflationary concerns, and other unforeseen global events may adversely affect business confidence, supply chains, and overall economic stability.

5. Outlook

The Company enters FY2026–27 with a positive long-term outlook supported by India's strong macroeconomic fundamentals, increasing infrastructure investments, and continued momentum across commodity and trading sectors. Stabilizing inflation, resilient domestic demand, and sustained investor participation are expected to support business growth across key sectors of the economy.

Gold and silver are expected to continue attracting investor interest owing to persistent global uncertainties, central bank purchases, and strong domestic consumption patterns. Precious metals are increasingly being viewed not only as safe-haven assets but also as important instruments for liquidity management, wealth preservation, and trade-related activities.

Industrial metals such as copper, aluminium, and zinc are expected to benefit from growing investments in infrastructure, renewable energy, electric mobility, and manufacturing expansion. Demand trends in these sectors are likely to create opportunities across trading, supply chain, and allied business activities.

Domestic capital markets are expected to remain active, supported by strong retail participation, institutional inflows, and continued public issuance activity. Investment focus across private and public markets is expected to remain centred on governance standards, operational efficiency, sustainable business models, and long-term value creation.

Going forward, the Company shall continue to focus on opportunities aligned with real economy growth, digital transformation, and sustainable business practices. With emphasis on prudent risk management, operational discipline, and strategic investments, the Company remains committed to creating sustainable value for its stakeholders while contributing to India's evolving economic and business landscape.

Standalone Financial Statements

Independent Auditors' Report

To
The Members,
AG Ventures Limited
(Formerly known as Oriental Carbon & Chemicals Limited)
Report on the Audit of the Standalone Financial Statements

We have audited the accompanying standalone financial statements of AG Ventures Limited ("the Company"), which comprise the balance sheet as at March 31, 2026, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standard prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015 made thereunder, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its profits and other comprehensive losses, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters (KAM) are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matter to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
Investments (Note No.5a of the Standalone Financial Statements)		
1.	Measurement of investments in accordance with Ind AS 109 "Financial Instruments" On initial recognition, investments are recognised at fair value. In case of Investments which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction costs are attributed to the acquisition value of the investments. Subsequent to initial recognition, the Company classifies and measures its investments based on the business model for managing the investments and the contractual cash flow characteristics of the instrument, in accordance with the requirements of Ind AS 109. Accordingly, investments are classified into the following categories: - Investments carried at amortised cost; - Investments measured at Fair Value Through Other Comprehensive Income ("FVTOCI"); and - Investments measured at Fair Value Through Profit or Loss ("FVTPL").	Our Audit Procedures included the following: - Obtained an understanding of Company's business model assessed in accordance with Ind AS 109; - Evaluated the Company's assessment of business model; - Obtained an understanding of the determination of the measurement of the investments and tested the reasonableness of the significant judgments applied by the management; - Evaluated the design of internal controls relating to the measurement and also tested the operating effectiveness of the aforesaid controls; - Ensured that the Company has used valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs, including consideration of the current economic and market conditions, and

Sr. No.	Key Audit Matter	Auditor's Response
	Equity investments in subsidiaries are carried at cost in accordance with Ind AS 27 – Separate Financial Statements. Quoted and unquoted equity investments, preference shares, compulsorily convertible preference shares (CCPS), investments in Alternative Investment Funds (AIFs) and mutual funds are measured at fair value through profit and loss, as applicable, based on the nature of the instrument and management's business model assessment. The Company assesses its business model based on whether investments are held: - to collect contractual cash flows; or - for realisation of cash flows through sale and fair value appreciation. Fair valuation of unquoted investments involves use of significant estimates and assumptions, including assessment of underlying financial performance, market conditions and valuation techniques, and accordingly requires significant management judgement. (Refer note 5 to the Standalone Financial Statements)	Assessed the appropriateness of the disclosure in the standalone financial statements in accordance with the applicable financial reporting framework.

Information Other than the Standalone Financial Statements and Auditor's Report thereon.

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Company's annual report particularly with respect to the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information identified above if, we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements.

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the

Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent, and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143 (3) of the Act, based on our audit we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid standalone financial statement;
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of change in equity and the statement of cash flow dealt with by this Report are in agreement with the books of account;

- (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with relevant Rules issued thereunder, as amended;
- (e) On the basis of the written representations received from the directors as on March 31, 2026, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026, from being appointed as a director in terms of sub-section 2 of Section 164 of the Act.
- (f) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (g) With respect to the adequacy of the internal financial controls with reference to the financial statement of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to the standalone financial statements;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as on March 31, 2026 on its financial position in its standalone financial statements – Refer Note 28 to the standalone financial statements.

Annexure "B" to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 2(g) of 'Report on Other Legal and Regulatory Requirements'

We have audited the internal financial controls with reference to financial statements of AG Ventures Limited ("the Company") as of March 31, 2026, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management and Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control with reference to the financial statements criteria established by the Company considering the essential components of internal control over financial reporting stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their

operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to the financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2026, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls

Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Standalone Financial Statement for the year ended March 31, 2026

NOTE 1: COMPANY OVERVIEW, BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

I CORPORATE INFORMATION

AG Ventures Ltd. (Formerly Oriental Carbon & Chemicals Limited), ("the Company") is a public limited company domiciled in India and has its Registered Office at Noida in Uttar Pradesh (shifted from Mundra, Gujarat w.e.f. February 10, 2026). The shares of the Company are listed on BSE Ltd (Bombay Stock Exchange). During the year, the name of the Company was changed to AG Ventures Ltd. w.e.f. June 20, 2025. The Company's core business is Investments and Trading.

The Hon'ble National Company Law Tribunal (NCLT), Ahmedabad Bench, and the National Company Law Appellate Tribunal (NCLAT), New Delhi, through their orders dated April 10, 2024, and May 27, 2024, respectively, approved the Scheme of Arrangement ("the Scheme") under Sections 230-232 of the Companies Act, 2013, between Oriental Carbon & Chemicals Limited ("Demerged Company"), the OCCL Ltd. (Resulting Company) , and their respective shareholders and creditors. As per the Scheme, the Chemical business of the Demerged Company was transferred to the Resulting Company (OCCL Ltd.) on a going concern basis. The Scheme had been accounted for based on the appointed date, as defined in the Scheme (i.e., the date of filing the certified copy of the Scheme with the Registrar of Companies) i.e., July 1, 2024.

II BASIS OF PREPARATION

a) Statement of compliance

These financial statements have been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard ('Ind AS') as per the Companies (Indian Accounting Standards) Rules, 2015 (As amended) notified under Section 133 of the Companies Act, 2013 ('the Act') and other relevant provisions of the Act.

These financial statements were authorised for issue by the Board of Directors on May 22, 2026

b) Basis of measurement

The financial statements have been prepared on an accrual basis and under the historical cost convention, except for the following:

- i. Certain financial assets and liabilities (including derivative instruments, Investments in equity shares, preference share Bonds and Mutual funds) measured at Fair Value / Amortised Cost; (refer material accounting policy information III(e))

- ii. Defined benefit plan assets measured at Fair Value; (refer material accounting policy information III(k))

c) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ("the functional currency") which is the Indian National Rupee ('INR'). All amounts have been rounded to two decimal points of lakhs, except number of shares , face value of shares , earning per share or wherever otherwise indicated.

d) Current or Non current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is classified as current when it is:

- i. Expected to be realized or intended to sold or consumed in normal operating cycle;
- ii. Held primarily for the purpose of trading;
- iii. Expected to be realized within twelve months after the reporting period; or
- iv. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All the other assets are classified as non-current.

A liability is current when:

- i. It is expected to be settled in normal operating cycle;
- ii. It is held primarily for the purpose of trading;
- iii. It is due to be settled within twelve months after the reporting period; or
- iv. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred Tax Assets and Liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

Notes to Standalone Financial Statement for the year ended March 31, 2026

e) Use of judgements and estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make judgement, estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities and contingent assets at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon the Management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between the actual results and estimates are recognized in the period in which the results are known / materialized. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods

Recognition and measurement of defined benefit obligations

The cost of the leave encashment, defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation

Property, plant and equipment, investment property and intangible assets

The useful life and residual value of Property, plant and equipment, investment property and intangible assets are determined based on technical evaluation made by the management of the expected usage of the asset, the physical wear and tear and technical or commercial obsolescence of the asset. Due to the judgements involved in such estimations, the useful life and residual value are sensitive to the actual usage in future period. The management evaluates and reviews the pattern of expected economic benefits from the asset along with commensurate method of depreciation on periodic basis and decides to follow suitable method of charging depreciation.

Fair value measurement of financial instruments

When the fair value of the financial assets and liabilities recorded in the balance sheet cannot be

measured based on the quoted market price in active markets, their fair value is measured using valuation technique. The input to these models are taken from the observable market wherever possible, but where this is not feasible, a review of judgment is required in establishing fair values. Changes in the underlying inputs could affect the fair value of financial instrument.

Provision for litigations and contingencies

The provision for litigations and contingencies are determined based on evaluation made by the management of the present obligation arising from past events the settlement of which is expected to result in outflow of resources embodying economic benefits, which involves judgements around estimating the ultimate outcome of such past events and measurement of the obligation amount."

Impairment of financial and non-financial assets

The impairment provision for financial assets are based on assumptions about risk of default and expected losses. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. The Company assesses at each reporting date whether there is an indication that a Non-financial asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount which is higher of an asset's or Cash generating unit (CGU) fair value less costs of disposal and its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is consider impaired and is written down to its recoverable amount.

III MATERIAL ACCOUNTING POLICIES

The Company has consistently applied the following accounting policies to all periods presented in the financial statements.

a) Property, plant and equipment and Capital Work in progress

i) Recognition and measurement

Property, plant and equipment are measured at cost net of taxes/duties credit availed , less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import

Notes to Standalone Financial Statement for the year ended March 31, 2026

duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Interest on borrowings used to finance the construction of qualifying assets are capitalized as part of cost of the asset until such time that the asset is ready for its intended use. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. The cost of replacing part of an item of property, plant and equipment are recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of all other repairs and maintenance are recognised in the Statement of Profit & Loss as incurred.

Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date. Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.

An item of property, plant and equipment is derecognised when no future economic benefit are expected to arise from the continued use of the asset or upon disposal. Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

ii) Subsequent measurement (Depreciation and useful life)

Depreciation on property, plant and equipment is provided on the Straight Line Method based on the useful life of assets as prescribed under Schedule II of the Companies Act, 2013, which are as follows:

Furniture and Fixtures	10 years
Air Conditioners and coolers	5 years
Office Equipment	5 - 10 years
Motor Vehicles	5 years
Computer and Servers & Networks	3 - 6 years
Building Under Investment Property	60 years

Prior to the demerger, the Company had recognized Right-of-Use (ROU) assets related to leased premises used for its manufacturing operations. These ROU assets were depreciated on a straight-line basis over the shorter of the lease term and the useful life of the underlying asset.

In cases where buildings were constructed on ROU assets, depreciation was charged based on the lower of the useful life prescribed under Schedule II of the Companies Act, 2013 or the balance lease term.

As at the reporting date, the Company does not hold any ROU assets. However, this accounting policy continues to be retained in view of the possibility of entering into lease arrangements in future periods.

Depreciation on additions to or on disposal of assets is calculated on pro-rata basis i.e. from (upto) the date on which the property, plant and equipment is available for use (disposed off).

The Company, based on technical assessment made by technical expert and management estimate, depreciates these items of property, plant and equipment over lesser of the estimated useful life and useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

b) Investment Properties

i) Recognition and measurement

Investment properties are properties held to earn rentals or for capital appreciation or

Notes to Standalone Financial Statement for the year ended March 31, 2026

both. Investment properties are measured initially at their cost of acquisition, including transaction costs. The cost comprises purchase price, cost of replacing parts, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit and loss as incurred.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in profit and loss as incurred.

Transfers are made to (or from) investment property only when there is a change in use. For a transfer from investment property to owner-occupied property, the deemed cost for subsequent accounting is the carrying value at the date of change in use.

ii) Subsequent measurement (Depreciation and usefull life)

Investment properties are subsequently measured at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation on investment properties is provided on the straight-line method over the useful live indicated in Schedule II to the Companies Act, 2013.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year and adjusted prospectively. Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer applying valuation model acceptable internationally.

Investment properties are de-recognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the profit and loss in the period of de-recognition.

c) Intangible assets

i) Recognition and measurement

Intangible Assets Acquired Separately

Intangible assets that are acquired by the Company are measured at cost. Subsequent to initial recognition, the assets are measured at cost, less accumulated amortisation and accumulated impairment losses, if any.

Subsequent expenditures are capitalized only when they increase the future economic benefits embodied in the specific asset to which they relate.

All intangible assets are tested for impairment when there are indications that the carrying value may not be recoverable. Impairment losses, if any, are recognised immediately in profit or loss.

An item of intangible asset is derecognised when no future economic benefit are expected to arise from the continued use of the asset or upon disposal. Any gain or loss on disposal of an item of intangible assets is recognised in profit or loss.

ii) Subsequent measurement (Amortisation and usefull life)

Amortization is recognised in the Statement of Profit & Loss on a straight-line basis over the estimated useful lives of intangible assets or on any other basis that reflects the pattern in which the asset's future economic benefits are expected to be consumed by the entity. Intangible assets that are not available for use are amortized from the date they are available for use.

The estimated useful lives are as follows:

Software	5 years
----------	---------

The amortization period and the amortization method for intangible assets are reviewed at each reporting date.

Notes to Standalone Financial Statement for the year ended March 31, 2026

d) Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication on impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or a cash generating unit is higher of its fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment losses are recognised in Statement of Profit and Loss.

In respect of assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the assets carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss had been recognised.

After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

e) Financial Instruments

i) Initial recognition

The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

ii) Subsequent measurement

(a) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost by applying the Effective Interest Rate (EIR) Method to gross carrying amount of the financial asset, if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognised or impaired, the gain or loss is recognised in the statement of profit and loss.

(b) Financial assets at fair value through other comprehensive income

Financial instruments are subsequently measured at fair value. On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis. Fair value gains and losses recognised in OCI are not reclassified to profit and loss.

(c) Financial assets at fair value through profit or loss

Financial assets which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(d) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest rate method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Notes to Standalone Financial Statement for the year ended March 31, 2026

(e) Reclassification of Financial Assets and Financial Liabilities

The company determines classification of financial assets and liabilities on initial recognition. After initial reclassification is made only if there is a change in the business model for managing those assets. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

(f) Investment in subsidiary

Investment in subsidiaries is carried at cost.

iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. Except Trade receivables, expected credit losses are measured at an amount equal to the 12-month Expected Credit Loss (ECL), unless there has been a significant increase in credit risk from initial recognition, in which case those are measured at lifetime ECL.

With regard to trade receivable, the Company applies the simplified approach, which requires expected lifetime losses to be recognised from the initial recognition of the trade receivables.

iv) Derecognition

Financial Assets

Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial Liabilities

The Company derecognises a financial liability when its contractual obligations are discharged, cancelled or expired.

(v) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

f) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using other valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair values for measurement and/ or disclosure purposes are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

g) Inventories

Prior to the demerger, inventories pertained to the Company's manufacturing operations and

Notes to Standalone Financial Statement for the year ended March 31, 2026

were valued at the lower of cost and net realizable value. Cost included material, labour, and attributable overheads including depreciation.

Following the demerger of the Chemical Manufacturing Division with effect from July 1, 2024, the Company has ceased manufacturing activities. The Company is now engaged only in Commodity trading. Inventories, if any, held for trading purposes are measured at the lower of cost and net realizable value. Cost is determined on a weighted average basis and includes purchase cost and other directly attributable expenses.

h) Provisions, Contingent Liabilities and Contingent Assets

Provision

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that the outflow of resources embodying economic benefits will be required to settle the obligation in respect of which reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to provision presented in the statement of profit & loss is net of any reimbursement.

If the effect of the time value of money is material, provisions are disclosed using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as finance cost.

Contingent liability is disclosed in the notes in case of:

There is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

- A present obligation arising from past event, when it is not probable that as outflow of resources will be required to settle the obligation
- A present obligation arises from the past event, when no reliable estimate is possible
- A present obligation arises from the past event, unless the probability of outflow are remote.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

Onerous Contracts

A provision for onerous contracts is measured at the lower of the present value of expected cost of terminating the contract and the expected cost of continuing with the contract. Before a provision is established, the company recognizes the impairment on the assets, if any, with the contract.

Contingent assets

Contingent assets are not accounted in the financial statements unless an inflow of economic benefits is probable.

i) Revenue from Operations:

(i) Revenue from Contracts with Customers

The Company derives revenue from sale of Commodities

Ind AS 115 "Revenue from Contracts with Customers" provides a control-based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

- Identify the contract(s) with a customer;
- Identify the performance obligations;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations;
- Recognise revenue when or as an entity satisfies performance obligation.

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services net of discounts, rebates or schemes, if any, offered by the company. The Company has generally concluded that it is the principal in its revenue arrangements.

The disclosures of significant accounting judgements, estimates and assumptions relating to revenue from contracts with customers are provided in Note 15.

Notes to Standalone Financial Statement for the year ended March 31, 2026

Sale of Goods

For sale of goods, revenue is recognised on satisfaction of performance obligation upon transfer of control of promised products to customers at an amount that reflects the consideration the Company expects to receive in exchange for those products.

(ii) Investment Income

Investment income, including gain / loss on sale or redemption of investments, fair value gain / loss on financial assets, income from AIF investments, interest income and dividend income, does not arise from contracts with customers and is therefore outside the scope of Ind AS 115. Such income is recognised in accordance with the applicable requirements of Ind AS 109, Financial Instruments, and other applicable Ind AS. Interest income is recognised using the effective interest rate method, wherever applicable. Dividend income is recognised when the Company's right to receive the dividend is established. Gain / loss on fair valuation, redemption or sale of investments is recognised based on the classification and measurement category of the related financial asset. Considering that the Company's core business is investments and trading, such investment income has been presented as part of revenue from operations, except where specifically classified as other income in accordance with the nature of the item and presentation requirements of Schedule III to the Companies Act, 2013.

j) Other Revenue Streams

Interest Income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the asset's net carrying amount on initial recognition. Interest income is included in other income in the statement of profit and loss.

k) Employee Benefits

i) Short term employee benefits

Short-term employee benefits in respect of salaries and wages, including non-monetary benefits are recognised as an expense at the undiscounted amount in the statement of profit and loss for the year in which the related service is rendered

ii) Defined contribution plans

Employees benefits in the form of the Company's contribution to Provident Fund, Pension scheme, Superannuation Fund and Employees State Insurance are defined contribution schemes. The Company recognises contribution payable to these schemes as an expense, when an employee renders the related service.

If the contribution payable exceeds contribution already paid, the deficit payable is recognised as a liability (accrued expense), after deducting any contribution already paid. If the contribution already paid exceeds the contribution due for service before the end of the reporting period, the Company recognise that excess as an asset (prepaid expense) to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

iii) Defined benefit plans

Retirement benefits in the form of gratuity are considered as defined benefit plans. The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The Company provides for its gratuity liability based on actuarial valuation of the gratuity liability as at the Balance Sheet date, based on Projected Unit Credit Method, carried out by an independent actuary. The Company contributes to the gratuity fund, which are recognised as plan assets. The defined benefit obligation as reduced by fair value of plan assets is recognised in the Balance Sheet.

Notes to Standalone Financial Statement for the year ended March 31, 2026

When the calculation results in a potential asset for the company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in Other Comprehensive Income. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

iv) Other long-term employee benefits

Employee benefits in the form of long term compensated absences are considered as long term employee benefits. The Company's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Remeasurement are recognised in profit or loss in the period in which they arise.

The liability for long term compensated absences are provided based on actuarial valuation as at the Balance Sheet date, based on Projected Unit Credit Method, carried out by an independent actuary.

l) Foreign currency transactions

Initial recognition:

Transactions in foreign currencies are translated into the Company's functional currency at the exchange rates at the dates of the transactions.

Conversion:

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

Exchange difference:

Exchange differences are recognised in Statement of profit & loss. In accordance with Ind-AS 101 'First Time Adoption of Indian Accounting Standards', the Company has continued the policy of capitalisation of exchange differences on foreign currency loans taken before the transition date. Accordingly, exchange differences arising on translation of long term foreign currency monetary items relating to acquisition of depreciable fixed assets taken before the transition date are capitalized and depreciated over the remaining useful life of the asset.

m) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

n) Income Tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to items

Notes to Standalone Financial Statement for the year ended March 31, 2026

recognised directly in Other Comprehensive Income

i) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding tax bases used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss; and
- temporary differences related to investments in subsidiary to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profits will be available against which deductible temporary differences and tax losses can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

For operations carried out in tax free units, deferred tax assets or liabilities, if any, have been recognised for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

Deferred tax assets and liabilities are offset only if:

- a) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is probable evidence that the Company will pay normal income tax in future. Accordingly, MAT is recognised as deferred tax asset in the Balance Sheet.

o) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Notes to Standalone Financial Statement for the year ended March 31, 2026

p) Cash flow statement

Cash flow statements are prepared in accordance with "Indirect Method" as explained in the Accounting Standard on Statement of Cash Flows (Ind AS - 7). The cash flows from regular revenue generating, financing and investing activity of the Company are segregated.

q) Lease

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessor

Company as a lessor Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. Fit-out rental income is recognised in the statement of profit and loss on accrual basis. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Company as lessee

The Company's lease asset classes primarily comprise of lease for land and building. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to Control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic

benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets as below:

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the underlying assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies in section 'Impairment of non financial assets'.

ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be

Notes to Standalone Financial Statement for the year ended March 31, 2026

exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Company's lease liabilities are included in other current and non-current financial liabilities (see Note 10c).

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

"Lease liability" and "Right of Use" asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

r) Earning per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted Earning per Share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The fair value disclosed excludes stamp duty, registration charges and other directly attributable acquisition costs capitalised as part of the carrying amount in accordance with Ind AS 40, Investment Property. Accordingly, the fair value disclosed is lower than the carrying amount and the same does not indicate impairment in the value of investment property as at March 31, 2026.

9) Fair Valuation Methodology

The Company measures investment property using the cost model, i.e., at cost less accumulated depreciation and accumulated impairment losses, if any. However, in accordance with Ind AS 40, Investment Property, the fair value of investment property has been disclosed in the notes to the financial statements.

The fair values of investment properties have been determined on the basis of valuation carried out by an independent valuer on a case-to-case basis. Valuation is based on government rates, market research, market trend and comparable values as considered appropriate. Since the property was acquired during the year, the transaction price has also been considered as a relevant input, where appropriate, after considering whether there has been any significant change in market conditions between the acquisition date and the reporting date.

25 DISCONTINUED OPERATIONS

- a. The Scheme of Arrangement as approved by the Board of Directors at its meeting held on May 22' 2022 for the demerger of the Chemical business undertaking of the Company ('Demerged Company') into OCCL Limited ('Resulting Company') on a going concern basis has received requisite approval from National Company Law Tribunal ('NCLT') vide its order dated April 10' 2024. In terms of the NCLT Order, the Hon'ble NCLT had suo motu amended the said Appointed Date to be the date of pronouncement of the NCLT Order i.e. April 10' 2024. The Company had filed an Appeal before the Hon'ble National Company Law Appellate Tribunal, New Delhi Bench ("NCLAT"). The Hon'ble NCLAT vide its order dated May 27' 2024 allowed the said Appeal and has held that the Appointed Date of the Scheme is the Effective Date as mentioned in the Scheme. Respective companies have filed the certified true copy of NCLT and NCLAT orders along with the sanctioned scheme with the Registrar of Companies on July 01' 2024. Accordingly, the appointed date and the effective date of the scheme is July 01' 2024.

The Company has accordingly charged the difference between carrying value of assets and liabilities amounting to ₹ 37,494.57 Lakhs (Loss) in the statement of profit and loss account as ""Exceptional Items - Profit/(Loss)"" in compliance with IND AS 105, Non-current Assets Held for Sale and Discontinued Operations. The carrying value of assets of ₹ 56,734.98 Lakhs and liabilities of ₹ 19,240.41 Lakhs related to Manufacturing business of Insoluble Sulphur & Chemicals is carried as assets held for sale in financials as on June 30' 2024. Further, upon the scheme becoming effective, the investment made by the demerged company in resulting company shall stand cancelled.

As consideration for demerger, the resulting company will issue its equity shares to each shareholder of the demerged company as on record date in the ratio of 1:1 (i.e. 5 shares of ₹ 2 each will be issued by the resulting company for every one share of ₹ 10 each of demerged company).

The net results of Manufacturing business of Insoluble Sulphur & Chemicals for comparative quarters/periods are disclosed separately as discontinued operations as required by IND As 105.

- b. Subsequent to demerger as referred in note no. 25 a above, the company has restated its Financial Statements for the year ended March 31, 2024 to disclose true and fair view of financials in accordance with Ind AS 8 (Accounting Policies, Changes in Accounting Estimates and Errors). Thus, fair value gains and losses from some Equity / AIF investments earlier measured as at Fair Value through Other Comprehensive income (FVTOCI) is reclassified to Fair Value through Profit or Loss (FVTPL), as outlined in Ind AS 109. These adjustments have impacted the financial statements for the year ended March 31, 2024 and 31 March 2025. Due to above re-statement there is a shift of reserves from OCI to retained earnings. However, overall the reserves remain same. This restatement did not have any impact on the balance sheet.

26 EMPLOYEE BENEFITS

The Company participates in defined contribution and benefit schemes, the assets of which are held (where funded) in separately administered funds. For defined contribution schemes the amount charged to the statements of profit or loss is the total of contributions payable in the year.

a) Defined Contribution Plans

Amount recognized as an expense and included in Note No. 18 Item "Contribution to Provident and Other Funds" ₹ 7.92 Lakh (Previous year ₹ 8.64 Lakh)

b) Other long-term benefits

Amount recognized as an expense and included in Note No. 18 Item "Long Term Compensated Absences" ₹ 4.06 Lakh (Previous year ₹ 11.66 Lakh).

c) Defined benefits plans - as per actuarial valuation

Gratuity Expense ₹ 8.27 Lakh (Previous year ₹ (18.08) Lakh) has been recognized in "Gratuity" under Note No. 18 as per Actuarial Valuation.

The Company has a defined benefit gratuity plan, which is funded. The Company provided for gratuity for employees in India which is governed by the provisions of the Payment of Gratuity Act, 1972, which has been subsumed into the Code on Social Security, 2020. Employees who have completed five years of continuous service are entitled to gratuity upon separation, retirement, or death. Gratuity is calculated as 15 days' wages for each completed year of service, with

Notes to Standalone Financial Statement for the year ended March 31, 2026

"wages" defined under Section 2(y) of the Code on Wages, 2019 to constitute at least 50% of total remuneration. The broadened wage definition increases the gratuity obligation compared to earlier years, and the liability is determined through actuarial valuation using the projected unit credit method in accordance with Ind AS 19."

The fair value of cash and cash equivalents, other bank balances, short term loans, current financial assets, current financial liabilities and borrowings at their carrying amount.

Fair value hierarchy

The fair value of financial instruments has been classified into three levels based on the inputs used in the valuation techniques. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

The categories used are as follows:

- Level 1** Level 1 hierarchy includes financial instruments measured using unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date. A financial instrument is classified as Level 1 if it is listed on an exchange and quoted in an active market. This includes listed equity instruments and mutual fund units having quoted prices. Listed equity instruments and are valued using the closing quoted price as at the reporting date. Mutual fund units are valued using the closing Net Asset Value (NAV).
- Level 2** Level 2 hierarchy includes financial instruments that are not traded in active markets but whose fair value is determined using valuation techniques that maximise the use of observable market data, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, or inputs that are observable for substantially the full term of the financial instrument. If all significant inputs required to fair value an instrument are observable, the instrument is classified as Level 2.

Notes to Standalone Financial Statement for the year ended March 31, 2026

Level 3 Level 3 hierarchy includes financial instruments where one or more significant inputs used in the valuation technique are not based on observable market data. Level 3 inputs incorporate market participants' assumptions about risk and the risk premium required by market participants for bearing that risk. The Company develops Level 3 inputs based on the best information available in the circumstances.

The following tables describe the valuation techniques used in measuring fair values, including the significant inputs used, wherever applicable.

Instrument type	Fair value hierarchy	Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Investment in mutual funds	Level 1	Units held in mutual funds are measured at fair value based on the closing Net Asset Value (NAV) declared by the respective mutual fund as at the reporting date. NAV represents the price at which units are issued / redeemed by the mutual fund, subject to applicable exit load and other terms of the scheme, wherever applicable.	Not applicable	Not applicable
Investment in unlisted equity instruments	Level 3	The fair value of investments in unlisted equity instruments is determined based on the latest available information, including recent allotment / issue price of equity shares by the investee company, as evidenced by relevant corporate filings such as PAS-3, recent fund-raising transactions, net worth / financial position of the investee company and other relevant factors considered by the management. Where recent transaction price is considered representative of fair value, the same is used as the basis for fair valuation, subject to adjustments, if any, for material changes in facts and circumstances up to the reporting date.	Recent issue / allotment price, financial position of the investee company, business performance, liquidity conditions, recoverability assessment and other entity-specific factors.	Increase / decrease in the recent issue / allotment price, net worth or expected recoverability of the investee company would increase / decrease the fair value of the investment. Adverse business developments or deterioration in the financial position of the investee company would reduce the fair value.
Investment in unlisted preference shares / compulsorily convertible preference shares	Level 3	The fair value of investments in unlisted preference shares / compulsorily convertible preference shares is determined based on the latest available information, including recent allotment / issue price of similar or comparable securities by the investee company, as evidenced by relevant corporate filings such as PAS-3, terms of the instrument, conversion rights, financial position of the investee company and other relevant factors considered by the management. Where recent transaction price is considered representative of fair value, the same is used as the basis for fair valuation, subject to adjustments, if any, for material changes in facts and circumstances up to the reporting date.	Recent issue / allotment price, rights and preferences attached to the instrument, conversion terms, financial position of the investee company, business outlook, liquidity conditions and recoverability assessment.	Increase / decrease in the recent issue / allotment price, value of underlying equity, net worth or expected recoverability of the investee company would increase / decrease the fair value. Any adverse change in business outlook, liquidity or recoverability would reduce the fair value.
Investment in Alternative Investment Funds	Level 2	Units held in Alternative Investment Funds are measured based on the latest available Net Asset Value (NAV) declared by the respective fund, after considering redemption restrictions and other relevant terms, if any. NAV represents the price at which the fund issues or redeems units from investors, subject to the terms of the fund documents.	Not applicable	Not applicable

31 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

A Financial risk factors

The Company is primarily engaged in investment activities and trading of commodities, including commodity transactions executed on the Multi Commodity Exchange (MCX) with physical delivery. The Company's activities expose it to financial risks such as credit risk, market risk, liquidity risk, interest rate risk, investment price risk and commodity price risk. The Company's risk management framework focuses on monitoring market conditions, liquidity position, investment portfolio, borrowings, commodity price movements and counterparty exposures to minimise potential adverse effects on its financial performance.

i. Credit risk

Credit risk is the risk of financial loss to the Company if a counterparty fails to meet its contractual obligations. The Company's credit risk primarily arises from bank balances, deposits, loans, other financial assets, investments and receivables, if any, arising in the ordinary course of business. The Company manages credit risk by dealing with reputed banks / financial institutions, approved counterparties / intermediaries and by periodically monitoring investment exposures, fund NAVs, counterparty balances and recoverability of financial assets.

The Company assesses impairment of financial assets at each reporting date in accordance with Ind AS 109, Financial Instruments. Based on the nature of financial assets, credit profile of counterparties, historical experience, settlement pattern and management's assessment of recoverability as at 31 March 2026, the expected credit loss, if any, is not material. Accordingly, no expected credit loss allowance has been recognised in the standalone financial statements.

ii. Market Risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market prices. The Company's exposure to market risk primarily comprises interest rate risk, investment price risk, liquidity risk and commodity price risk.

Notes to Standalone Financial Statement for the year ended March 31, 2026

a) Investment price risk

The Company is exposed to price risk in respect of investments measured at fair value. The fair value of such investments may fluctuate due to changes in market prices, NAVs of funds, valuation of underlying investee companies, business performance, liquidity conditions and other market factors. The Company manages such risk through periodic review of its investment portfolio, available NAVs / valuation reports / corporate filings and other relevant information.

b) Interest Rate Risk and Sensitivity

The Company's exposure to the risk of changes in market interest rates relates primarily to long term debt. Borrowings at variable rates expose the Company to cash flow interest rate risk.

Interest Rate Decrease by 25 bp	6.19	-	4.46	-

c) Foreign Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates.

The Company primarily operates in India and substantially all of its revenues and expenditures are denominated in Indian Rupees. Accordingly, the Company does not have significant foreign currency exposure from its operating activities.

The Company's exposure to foreign currency risk arises from foreign currency denominated monetary assets and liabilities pertaining to certain non-operating transactions. The impact of reasonably possible changes in foreign exchange rates on such exposures is presented in the sensitivity analysis below.

The following table analysis foreign currency risk from financial instruments as of March 31, 2026:

(₹ in Lakh)

Particulars	₹	GBP

Notes to Standalone Financial Statement for the year ended March 31, 2026

Sensitivity Analysis

A reasonable possible strengthening (weakening) of the Indian Rupee at March 31 would have affected the measurement of financial instruments denominated in Foreign Currencies and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. A 1% increase or decrease is used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonable possible change in foreign currency rate.

1% Increase and Decrease in Foreign Exchange rates will have the following impact on Profit before tax.

Particulars	2025-2026 March 31, 2026	2024-2025 March 31, 2025
GBP Sensitivity	0.08	(0.08)

iii. Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its financial obligations as they fall due. The Company manages liquidity risk by monitoring cash flows, maintaining adequate liquidity and reviewing maturity profiles of financial assets and liabilities to meet operational, investment and debt servicing requirements.

The table below provides details regarding the contractual maturities of significant financial liabilities as of March 31, 2026:

(₹ in Lakh)

Particulars	Carrying Amount	Less than 1 Year	1-5 Years	Total
Borrowings	2,474.23	104.85	2,369.38	2,474.23
Other financial liabilities - Current	219.71	219.71	-	219.71

The table below provides details regarding the contractual maturities of significant financial liabilities as of March 31, 2025:

(₹ in Lakh)

Particulars	Carrying Amount	Less than 1 Year	1-5 Years	Total
Borrowings	-	-	-	-
Other financial liabilities - Current	224.07	224.07	-	224.07

iv. Commodity Price Risk

The Company is exposed to commodity price risk on account of trading in commodities, including transactions executed on MCX with physical delivery. Commodity price risk arises due to fluctuations in commodity prices between purchase, sale, settlement and delivery of the underlying commodity. The Company manages such risk through continuous monitoring of commodity price movements, matching of purchase and sale positions, margin monitoring, settlement discipline and transaction-level controls.

B Capital Risk Management

The Company's Policy is to maintain an adequate capital base so as to maintain creditor and market confidence and to sustain future development. Capital includes issued capital, share premium and all other equity reserves attributable to equity holders. In order to strengthen the capital base, the Company may use appropriate means to enhance or reduce capital, as the case may be.

(j) Trade receivables turnover ratio	Sales	Average Trade Receivable	NA	NA	NA
(k) Trade payables turnover ratio	Purchases of Goods	Average Trade Payables	NA	NA	NA

Reasons for significant changes in ratios

1 Current Ratio

Decreased primarily due to reduction in current assets on account of sale / redemption of current investments during the year and increase in current liabilities, including current maturities of borrowings and provisions.

2 Return on Equity Ratio

Increased mainly due to increase in profit after tax during the year, including the impact of reversal / reduction of deferred tax liability.

3 Net Capital Turnover Ratio

Increased primarily due to reduction in working capital following sale / redemption of current investments, along with increase in revenue from operations during the year.

4 Net Profit Ratio

Increased mainly due to increase in profit after tax during the year, including the impact of reversal / reduction of deferred tax liability.

5 Return on Capital Employed

Decreased primarily due to increase in capital employed on account of acquisition of investment property and borrowings availed during the year, without corresponding operating income from such investment property during the year.

6 Return on Investment

Decreased mainly due to increase in the asset base on account of acquisition of investment property and lower return generated on investments during the year.

AG Ventures Limited
(Formerly known as Oriental Carbon & Chemicals Limited)

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of AG Ventures Limited (hereinafter referred to as "the Holding Company" or "the Company") and its subsidiary company (the Holding Company and its subsidiary together referred to as "the Group"), comprising of the consolidated balance sheet as at March 31, 2026, the consolidated statement of profit and loss (including other comprehensive income), the statement of changes in equity and the consolidated statement of cash flows for the year then ended and notes to the financial statements, including material accounting policies and other explanatory information (hereinafter referred to as "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standard prescribed under section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015 made thereunder, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2026, its consolidated profit, consolidated other comprehensive losses, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SA's) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's

Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements for the financial year ended 31 March 2026. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and in forming our opinion thereon and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. In respect of subsidiary audited by us, we have considered the results of audit procedures performed by us on their financial information to the extent relevant to the consolidated financial statements. The results of our audit procedures provide the basis for our audit opinion on the accompanying consolidated financial statements.

Key Audit Matter related to holding company describe below:

Sr. No.	Key Audit Matter	Auditor's Response
Investments (Note No.5a of the Consolidated Financial Statements)		
1.	Measurement of investments in accordance with Ind AS 109 "Financial Instruments" On initial recognition, investments are recognised at fair value. In case of Investments which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction costs are attributed to the acquisition value of the investments.	Our Audit Procedures included the following: - Obtained an understanding of group's business model assessed in accordance with Ind AS 109; - Evaluated the group's assessment of business model; - Obtained an understanding of the determination of the measurement of the investments and tested the reasonableness of the significant judgments applied by the management;

Sr. No.	Key Audit Matter	Auditor's Response
	Subsequent to initial recognition, the Group classifies and measures its investments based on the business model for managing the investments and the contractual cash flow characteristics of the instrument, in accordance with the requirements of Ind AS 109. Accordingly, investments are classified into the following categories: - Investments carried at amortised cost; - Investments measured at Fair Value Through Other Comprehensive Income ("FVTOCI"); and - Investments measured at Fair Value Through Profit or Loss ("FVTPL"). Quoted and unquoted equity investments, preference shares, compulsorily convertible preference shares (CCPS), investments in Alternative Investment Funds (AIFs) and mutual funds are measured at fair value through profit and loss, as applicable, based on the nature of the instrument and management's business model assessment. The Group assesses its business model based on whether investments are held: - to collect contractual cash flows; or - for realisation of cash flows through sale and fair value appreciation. Fair valuation of unquoted investments involves use of significant estimates and assumptions, including assessment of underlying financial performance, market conditions and valuation techniques, and accordingly requires significant management judgement.	- Evaluated the design of internal controls relating to the measurement and also tested the operating effectiveness of the aforesaid controls; - Ensured that the group has used valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs, including consideration of the current economic and market conditions, and - Assessed the appropriateness of the disclosure in the standalone financial statements in accordance with the applicable financial reporting framework.

The Holding Company's Board of Directors and Management are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including Ind AS. The respective Board of Directors and Management of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of their respective Company included in the Group and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent, and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting

records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the directors of the holding company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the Companies included in the Group are responsible for assessing ability of their respective Company included in the group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the group are responsible for overseeing the financial reporting process of their respective Company included in the group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and Subsidiary Company incorporated in India, wherever applicable, have adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the subsidiary included in the consolidated financial statements to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such subsidiary included in the consolidated financial statements, since the same has been audited by us. Accordingly, we remain solely responsible for our audit opinion on the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entity including in the consolidated financial statement of which we are the independent auditors regarding, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by section 143 (3) of the Act, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Holding Company and the subsidiary company audited by us, so far as it appears from our examination of those books.
 - (c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the Consolidated statement of change in equity and the consolidated statement of cash flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant Rules made thereunder, as amended.
 - (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2026 taken on record by the Board of Directors of the Holding Company, and based on the audit conducted by us of the Holding Company and its subsidiary company audited by us, none of the directors is disqualified as on March 31, 2026 from being appointed as a director of that company in terms of sub-section 2 of Section 164 of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary company incorporated in India and audited by us and the operating effectiveness of such controls, refer to our separate report in "Annexure A", Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to the consolidated financial statements.

- (g) In our opinion and to the best of our information and according to the explanations given to us and the report of the other auditor, the remuneration paid by the Holding Company and the subsidiary company audited by us to their directors during the year is in accordance with the provisions of section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. the consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group refer to Note no 27 to the consolidated financial statements.
 - ii. The Group does not have any long-term contract, including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring the amounts required to be transferred to the Investor Education and Protection Fund by the Holding Company.

Further, there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the subsidiary company audited by us.
 - iv. (a) The respective Managements of the Company and its subsidiary company, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiary to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The respective Managements of the Company and its subsidiary company, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and

- belief, no funds (which are material either individually or in the aggregate) have been received by the Company or any of such subsidiary from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v) (a) The Holding Company has not declared or paid any final dividend or interim dividend during the year. Further, the Board of Directors of the Holding Company has not proposed any dividend for the year. Accordingly, reporting on compliance with Section 123 of the Companies Act, 2013, with respect to dividend declared, paid or proposed by the Holding Company, is not applicable for the year.
- (b) In respect of one subsidiary company, namely Duncan Engineering Limited, the final dividend proposed in the previous year, declared and paid during the year, is in accordance with Section 123 of the Companies Act, 2013, as applicable.
- (c) No interim dividend was declared or paid by the subsidiary company during the year.
- (d) The Board of Directors of the subsidiary company has proposed a final dividend for the year, which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Companies Act, as applicable. (Refer Note 10 to the consolidated financial statements.)
- vi) Based on our examination, which includes test checks, performed by us on the holding and the subsidiary company, which is incorporated in India and whose financial statements have been audited under the Act, it has been noted that such companies have used accounting software for maintaining their books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year of their inclusion in the consolidated financial statements for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the company as per the statutory requirements for records retention.
2. “Annexure A” to the Independent Auditor’s Report over financial reporting of even date on the Consolidated Financial Statements of AG Ventures Limited (Formerly known as Oriental Carbon & Chemicals Limited)

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”) as referred to in paragraph 1(f) of ‘Report on Other Legal and Regulatory Requirements’

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2026, we have audited the internal financial controls with reference to financial statements of AG Ventures Limited (hereinafter referred to as “the Holding Company”) and its subsidiary company (the Holding Company and its subsidiary together referred to as “the Group”), which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Management and Board of Directors of the Holding Company and its subsidiary company which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting with reference to financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (‘the Act’).

Auditors’ Responsibility

Our responsibility is to express an opinion on the Group’s internal financial controls with reference to the financial statements based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about

whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Group’s internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company’s internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation

of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Group have maintained, in all material respects, an adequate internal financial controls system with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2026, based on the internal control with reference to consolidated financial statements criteria established by the

respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls with reference to financial statements issued by the Institute of Chartered Accountants of India.

Notes to Consolidated Financial Statement for the year ended March 31, 2026

NOTE 1: GROUP OVERVIEW, BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

I CORPORATE INFORMATION

AG Ventures Limited (formerly Oriental Carbon & Chemicals Limited) ("the Holding Company", "the Parent Company" or "the Company") is a public limited company domiciled in India. The registered office of the Holding Company is situated at 14th Floor, Tower-B, World Trade Tower, Plot No. C-1, Sector-16, Noida-201301, Uttar Pradesh, India, which was shifted from Mundra, Gujarat with effect from February 10, 2026. The equity shares of the Holding Company are listed on BSE Limited. During the year, the name of the Holding Company was changed from Oriental Carbon & Chemicals Limited to AG Ventures Limited with effect from June 20, 2025, pursuant to the realignment of its business following the Scheme of Arrangement referred to below. The Holding Company and its subsidiary are collectively referred to as "the Group". The Group is primarily engaged in investment activities, trading activities and, through its subsidiary, manufacturing and trading of industrial engineering products and related accessories.

The Hon'ble National Company Law Tribunal (NCLT), Ahmedabad Bench, and the National Company Law Appellate Tribunal (NCLAT), New Delhi, through their orders dated April 10, 2024, and May 27, 2024, respectively, approved the Scheme of Arrangement ("the Scheme") under Sections 230-232 of the Companies Act, 2013, between Oriental Carbon & Chemicals Limited ("Demerged Company"), the OCCL Ltd. (Resulting Company), and their respective shareholders and creditors. As per the Scheme, the Chemical business of the Demerged Company was transferred to the Resulting Company (OCCL Ltd.) on a going concern basis. The Scheme had been accounted for based on the appointed date, as defined in the Scheme (i.e., the date of filing the certified copy of the Scheme with the Registrar of Companies) i.e., July 1, 2024.

II BASIS OF PREPARATION

a) Statement of compliance

These Consolidated financial statements ("Financial Statements") have been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard ('Ind AS') as per the Companies (Indian Accounting Standards) Rules, 2015 (As amended) notified under Section 133 of the Companies Act, 2013 ('the Act') and other relevant provisions of the Act.

These financial statements were authorised for issue by the Board of Directors on May 22, 2026

b) Basis of measurement

The financial statements have been prepared on an accrual basis and under the historical cost convention, except for the following:

- Certain financial assets and liabilities (including derivative instruments) measured at Fair Value / Amortised Cost; (refer material accounting policy III(e))
- Defined benefit plan assets measured at Fair Value; (refer material accounting policy III(k))
- Investments in equity shares, preference share Bonds and Mutual funds (refer material accounting policy III(e))

c) Functional and presentation currency

Items included in the financial statements of the Group are measured using the currency of the primary economic environment in which the Group operates ("the functional currency") which is the Indian National Rupee ('INR'). All amounts have been rounded to two decimal points of lakhs, except number of shares, face value of shares, earning per share or wherever otherwise indicated.

d) Current or Non current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is classified as current when it is:

- Expected to be realized or intended to sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All the other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current. Deferred Tax Assets and Liabilities are classified as non-current assets and liabilities respectively.

Notes to Consolidated Financial Statement for the year ended March 31, 2026

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

e) Use of judgements and estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make judgement, estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities and contingent assets at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon the Management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between the actual results and estimates are recognized in the period in which the results are known / materialized.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Recognition and measurement of defined benefit obligations

The cost of the leave encashment, defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation.

Property, plant and equipment and intangible assets

The useful life and residual value of Property, plant and equipment, Investment Property and intangible assets are determined based on technical evaluation made by the management of the expected usage of the asset, the physical wear and tear and technical or commercial obsolescence of the asset. Due to the judgements involved in such estimations, the useful life and residual value are sensitive to the actual usage in future period. The management evaluates and reviews the pattern of expected economic benefits from the asset along with commensurate method of

depreciation on periodic basis and decides to follow suitable method of charging depreciation.

Fair value measurement of financial instruments

When the fair value of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market price in active markets, their fair value is measured using valuation technique. The input to these models are taken from the observable market wherever possible, but where this is not feasible, a review of judgment is required in establishing fair values. Changes in the underlying inputs could affect the fair value of financial instrument.

Provision for litigations and contingencies

The provision for litigations and contingencies are determined based on evaluation made by the management of the present obligation arising from past events the settlement of which is expected to result in outflow of resources embodying economic benefits, which involves judgements around estimating the ultimate outcome of such past events and measurement of the obligation amount."

Impairment of financial and non-financial assets

The impairment provision for financial assets are based on assumptions about risk of default and expected losses. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

The Group assesses at each reporting date whether there is an indication that a Non-financial asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount which is higher of an asset's or Cash generating unit (CGU) fair value less costs of disposal and its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

III MATERIAL ACCOUNTING POLICIES

The Group has consistently applied the following accounting policies to all periods presented in the financial statements.

a) Principle of Consolidation

- i) The consolidated Financial statement includes the financial statement of the parent company and its subsidiary company. The consolidated

Notes to Consolidated Financial Statement for the year ended March 31, 2026

financial statement have been prepared in accordance with Ind AS 110 on " Consolidated financial statement" as per Companies (Indian Accounting Standard) Rules 2015 notified under section 133 of the Companies Act, 2013 ('the Act) and other relevant provisions of the Act to the extent possible.

- ii) The Financial Statement of the Parent Company and its Subsidiary company are prepared on line by line adding together like items of assets, liabilities equity, income and expenses, intercompany balances and transactions and any unrealised gains arising from inter company transactions are eliminated. Unrealised losses are eliminated in the same way as unrealised gains but only to the extent that there is no evidences of impairment.
- iii) The consolidated Financial Statements are prepared by adopting uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the

Holding Company's separate financial statements except provision for depreciation for some assets, which is not material to the Consolidated Financial Statements.

- iv) Non controlling Interest in the consolidated financial statement is identified and recognised after taking into consideration the amount of equity attributable to non controlling interest at date on which investment in subsidiary is made
- v) Non Controlling Interest in Equity since the date parent/ Subsidiary relationship came into existence, the losses attributable to the minorities are adjusted against the minority interest in the equity of the subsidiary
- vi) Financial statement of Subsidiary used for the purpose of Consolidation are drawn up to the same reporting date as that of the Holding company i.e. Year Ended March 31 2026.
- vii) The Subsidiary company which is included in the consolidation and the parent company's holding are as under:

Name of Company	Nature of relation	% of Holding		Place of Incorporation
		As on March 31, 2026	As on March, 31, 2025	
Duncun Engineering Limited	Subsidiary	50.01%	50.01%	India

b) Property, plant and equipment and Capital Work in progress

i) Recognition and measurement

Property, plant and equipment are measured at original cost net of taxes/duties credit availed, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Interest on borrowings used to finance the construction of qualifying assets are capitalized as part of cost of the asset until such time that the asset is ready for its intended use. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. The cost of replacing part of an item of property, plant and equipment are recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The costs of all other repairs and maintenance are recognised in the Statement of Profit & Loss as incurred.

Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date. Advances paid towards the acquisition of

Notes to Consolidated Financial Statement for the year ended March 31, 2026

property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other noncurrent assets.

An item of property, plant and equipment is derecognised when no future economic benefit are expected to arise from the continued use of the asset or upon disposal. Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

ii) Subsequent measurement (Depreciation and usefull life)

Depreciation on property, plant and equipment is provided on the Straight Line Method based on the useful life of assets as prescribed under Schedule II of the Companies Act, 2013, which are as follows:

Buildings including Factory Buildings and Roads	3- 60 years
Plant & Equipment (Including Components & Laboratory Equipment)	3 - 15 years
Electrical Installations	2 - 10 years
Furniture and Fixtures	10 years
Air Conditioners and coolers	5 - 10 years
Office Equipment	3 - 10 years
Motor Vehicles	5 years
Computer and Servers & Networks	3 - 6 years
Building Under Investment Property	60 years

Prior to the demerger, the Group had recognized Right-of-Use (ROU) assets related to leased premises used for its manufacturing operations. These ROU assets were depreciated on a straight-line basis over the shorter of the lease term and the useful life of the underlying asset.

In cases where buildings were constructed on ROU assets, depreciation was charged based on the lower of the useful life prescribed under Schedule II of the Companies Act, 2013 or the balance lease term.

As at the reporting date, the Groupt does not hold any ROU assets. However, this accounting policy continues to be retained in view of the possibility of entering into lease arrangements in future periods.

Depreciation on additions to or on disposal of assets is calculated on pro-rata basis i.e. from

(upto) the date on which the property, plant and equipment is available for use (disposed off).

The Group, based on technical assessment made by technical expert and management estimate, depreciates these items of property, plant and equipment less than estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used

c) Investment Properties

i) Recognition and measurement

Investment properties are properties held to earn rentals or for capital appreciation or both. Investment properties are measured initially at their cost of acquisition, including transaction costs. The cost comprises purchase price, cost of replacing parts, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit and loss as incurred.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in profit and loss as incurred.

Transfers are made to (or from) investment property only when there is a change in use. For a transfer from investment property to owner-occupied property, the deemed cost for subsequent accounting is the carrying value at the date of change in use.

ii) Subsequent measurement (Depreciation and usefull life)

Investment properties are subsequently measured at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation on investment properties is

Notes to Consolidated Financial Statement for the year ended March 31, 2026

provided on the straight-line method over the useful live indicated in Schedule II to the Companies Act, 2013.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year and adjusted prospectively. Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer applying valuation model acceptable internationally.

Investment properties are de-recognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the profit and loss in the period of de-recognition.

d) Intangible assets

i) Recognition and measurement

Intangible Assets Acquired Separately

Intangible assets that are acquired by the Group are measured at cost. Subsequent to initial recognition, the assets are measured at cost, less accumulated amortisation and accumulated impairment losses, if any.

Subsequent expenditures are capitalized only when they increase the future economic benefits embodied in the specific asset to which they relate.

All intangible assets are tested for impairment when there are indications that the carrying value may not be recoverable. Impairment losses, if any, are recognised immediately in profit or loss.

An item of intangible asset is derecognised when no future economic benefit are expected to arise from the continued use of the asset or upon disposal. Any gain or loss on disposal of an item of intangible assets is recognised in profit or loss.

ii) Subsequent measurement (Amortisation and usefull life)

Amortization is recognised in the Profit & Loss on a straight-line basis over the estimated useful lives of intangible assets or on any other basis

that reflects the pattern in which the asset's future economic benefits are expected to be consumed by the entity. Intangible assets that are not available for use are amortized from the date they are available for use.

The estimated useful lives are as follows:

Software	5 years
License	3-5 Years

The amortization period and the amortization method for intangible assets are reviewed at each reporting date.

e) Impairment of non-financial assets

At each reporting date, the Group reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication on impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or a cash generating unit is higher of its fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment losses are recognised in Statement of Profit and Loss

In respect of assets for which impairment loss has been recognised in prior periods, the Group reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the assets carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss had been recognised.

After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

f) Financial Instruments

i) Initial recognition

The Group recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised

Notes to Consolidated Financial Statement for the year ended March 31, 2026

at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

ii) Subsequent measurement

(a) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost by applying the Effective Interest Rate (EIR) Method to gross carrying amount of the financial asset, if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognised or impaired, the gain or loss is recognised in the statement of profit and loss.

(b) Financial assets at fair value through other comprehensive income

Financial instruments are subsequently measured at fair value (based on Last available audited information). On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis. Fair value gains and losses recognised in OCI are not reclassified to profit and loss.

(c) Financial assets at fair value through profit or loss

Financial assets which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(d) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest rate method. For trade and other

payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(e) Reclassification of Financial Assets and Financial Liabilities

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

iii) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. Except Trade receivables, expected credit losses are measured at an amount equal to the 12-month Expected Credit Loss (ECL), unless there has been a significant increase in credit risk from initial recognition, in which case those are measured at lifetime ECL.

With regard to trade receivable, the Group applies the simplified approach, which requires expected lifetime losses to be recognised from the initial recognition of the trade receivables.

iv) Derecognition

Financial Assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

Notes to Consolidated Financial Statement for the year ended March 31, 2026

If the Group enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial Liabilities

The Group derecognises a financial liability when its contractual obligations are discharged, cancelled or expired.

v) Derivative financial instruments

The Group uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks and interest rate risk respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value provided by the respective banks. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are recorded directly to statement of profit and loss.

(vi) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

g) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using other valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair values for measurement and/ or disclosure purposes are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

h) Inventories

Inventories are valued at lower of Cost and Net Realisable value. The cost of finished goods is determined by taking material, labour and related factory overheads including depreciation. Cost of material is determined on weighted average cost basis. Further the cost for Work-in-Progress includes material cost, stage wise direct cost and other related manufacturing overheads including depreciation. Materials and other supplies held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Net realisable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and making the sale.

Cost of raw materials, packing materials, stores and spares are determined on weighted average basis.

Inventories, if any, held for trading purposes are measured at the lower of cost and net realizable value. Cost is determined on a weighted average basis and includes purchase cost and other directly attributable expenses.

i) Provisions, Contingent Liabilities and Contingent Assets

Provision

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event and it is probable that the outflow of resources embodying economic benefits will be required to settle the obligation in respect of which reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, the expense relating to provision presented in the statement of profit & loss is net of any reimbursement.

If the effect of the time value of money is material, provisions are disclosed using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as finance cost.

Notes to Consolidated Financial Statement for the year ended March 31, 2026

Contingent liability is disclosed in the notes in case of: There is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

- A present obligation arising from past event, when it is not probable that as outflow of resources will be required to settle the obligation
- A present obligation arises from the past event, when no reliable estimate is possible
- A present obligation arises from the past event, unless the probability of outflow are remote

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

Onerous Contracts

A provision for onerous contracts is measured at the lower of the present value of expected cost of terminating the contract and the expected cost of continuing with the contract. Before a provision is established, the group recognizes the impairment on the assets, if any, with the contract.

Contingent assets

Contingent assets are not accounted in the financial statements unless an inflow of economic benefits is probable.

j) Revenue from Operations:

(i) Revenue from Contracts with Customers

The Group derives revenue from sale of Commodity and General Engineering Products.

Ind AS 115 "Revenue from Contracts with Customers" provides a control-based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

- Identify the contract(s) with a customer;
- Identify the performance obligations;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations;
- Recognise revenue when or as an entity satisfies performance obligation.

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services net of discounts, rebates or schemes, if any, offered by the Group. The Group has generally concluded that it is the principal in its revenue arrangements.

The disclosures of significant accounting judgements, estimates and assumptions relating to revenue from contracts with customers are provided in Note 15.

Sale of goods

For sale of goods, revenue is recognised on satisfaction of performance obligation upon transfer of control of promised products to customers at an amount that reflects the consideration the Group expects to receive in exchange for those products.

(ii) Export Benefits

In case of direct exports made by the Group, export benefits arising from Govt. incentives and schemes are recognised on shipment of direct exports.

(iii) Investment Income

Investment income, including gain / loss on sale or redemption of investments, fair value gain / loss on financial assets, income from AIF investments, interest income and dividend income, does not arise from contracts with customers and is therefore outside the scope of Ind AS 115.

Such income is recognised in accordance with the applicable requirements of Ind AS 109, Financial Instruments, and other applicable Ind AS. Interest income is recognised using the effective interest rate method, wherever applicable. Dividend income is recognised when the Group right to receive the dividend is established. Gain / loss on fair valuation, redemption or sale of investments is recognised based on the classification and measurement category of the related financial asset.

Considering that the Holding company's core business is investments and trading, such investment income has been presented as part of revenue from operations, except where specifically classified as other income

Notes to Consolidated Financial Statement for the year ended March 31, 2026

in accordance with the nature of the item and presentation requirements of Schedule III to the Companies Act, 2013.

k) Other Revenue Streams

Interest Income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the asset's net carrying amount on initial recognition. Interest income is included in other income in the statement of profit and loss.

l) Employee Benefits

i) Short term employee benefits

Short-term employee benefits in respect of salaries and wages, including non-monetary benefits are recognised as an expense at the undiscounted amount in the statement of profit and loss for the year in which the related service is rendered

ii) Defined contribution plans

Employees benefits in the form of the Group's contribution to Provident Fund, Pension scheme, Superannuation Fund and Employees State Insurance are defined contribution schemes. The Group recognises contribution payable to these schemes as an expense, when an employee renders the related service.

If the contribution payable exceeds contribution already paid, the deficit payable is recognised as a liability (accrued expense), after deducting any contribution already paid. If the contribution already paid exceeds the contribution due for service before the end of the reporting period, the Group recognise that excess as an asset (prepaid expense) to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

iii) Defined benefit plans

Retirement benefits in the form of gratuity are considered as defined benefit plans. The Group's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The Group provides for its gratuity liability based on actuarial valuation of the gratuity liability as at the Balance Sheet date, based on Projected Unit Credit Method, carried out by an independent actuary. The Group contributes to the gratuity fund, which are recognised as plan assets. The defined benefit obligation as reduced by fair value of plan assets is recognised in the Balance Sheet.

When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in Other Comprehensive Income. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in profit or loss. The Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

iv) Other long-term employee benefits

Employee benefits in the form of long term compensated absences are considered as long term employee benefits. The Group's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Remeasurement are recognised in profit or loss in the period in which they arise.

Notes to Consolidated Financial Statement for the year ended March 31, 2026

The liability for long term compensated absences are provided based on actuarial valuation as at the Balance Sheet date, based on Projected Unit Credit Method, carried out by an independent actuary.

m) Foreign currency transactions

Initial recognition

Transactions in foreign currencies are translated into the Group's functional currency at the exchange rates at the dates of the transactions.

Conversion:

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Nonmonetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

Exchange difference:

Exchange differences are recognised in Statement of profit & loss. In accordance with Ind-AS 101 'First Time Adoption of Indian Accounting Standards', the Group has continued the policy of capitalisation of exchange differences on foreign currency loans taken before the transition date. Accordingly, exchange differences arising on translation of long term foreign currency monetary items relating to acquisition of depreciable fixed assets taken before the transition date are capitalized and depreciated over the remaining useful life of the asset.

n) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

o) Income Tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to items recognised directly in Other Comprehensive Income

i) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Group:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding tax bases used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss; and

A deferred income tax asset is recognised to the extent that it is probable that future taxable profits will be available against which deductible temporary differences and tax losses can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Notes to Consolidated Financial Statement for the year ended March 31, 2026

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

For operations carried out in tax free units, deferred tax assets or liabilities, if any, have been recognised for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

Deferred tax assets and liabilities are offset only if:

- a) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is probable evidence that the Group will pay normal income tax in future. Accordingly, MAT is recognised as deferred tax asset in the Balance Sheet.

p) Segment Reporting

The accounting policies adopted for the segment reporting are in conformity with the accounting policies adopted for the Group. Primary Segments are identified by the chief operational decision maker (CODM) based on the nature of products and services, the different risks and returns and the internal business reporting system. Revenue, Expense, Assets and Liabilities, which relate to the Group as a whole and could not be allocated to segments on a reasonable basis, have been classified as unallocated. Secondary segment is identified based on geography by location of customers i.e. in India and outside India.

Segment revenue includes sales and other income directly identifiable with / allocable to the segment including intersegment transfers. Inter segment transfers are accounted for based on the transaction

price agreed to between the segments which is at cost in case of transfer of Group's intermediate and final products and estimated realisable value in case of by-products.

q) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

r) Cash flow statement

Cash flow statements are prepared in accordance with "Indirect Method" as explained in the Accounting Standard on Statement of Cash Flows (Ind AS - 7). The cash flows from regular revenue generating, financing and investing activity of the Group are segregated.

s) Lease

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessor

Company as a lessor Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. Fit-out rental income is recognised in the statement of profit and loss on accrual basis. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Group as lessee

The Group's lease asset classes primarily comprise of lease for land and building. The Group assesses whether a contract contains a lease, at inception of

Notes to Consolidated Financial Statement for the year ended March 31, 2026

a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to Control the use of an identified asset, the Group assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Group has the right to direct the use of the asset.

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets as below:

i) Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the underlying assets.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies in section 'Impairment of non financial assets'.

ii) Lease Liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Group's lease liabilities are included in other current and non-current financial liabilities (see Note 10c).

iii) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition

Notes to Consolidated Financial Statement for the year ended March 31, 2026

exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

"Lease liability" and "Right of Use" asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

t) Earning per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted Earning per Share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The Company measures investment property using the cost model, i.e., at cost less accumulated depreciation and accumulated impairment losses, if any. However, in accordance with Ind AS 40, Investment Property, the fair value of investment property has been disclosed in the notes to the financial statements.

The fair values of investment properties have been determined on the basis of valuation carried out by an independent valuer on a case-to-case basis. Valuation is based on government rates, market research, market trend and comparable values as considered appropriate. Since the property was acquired during the year, the transaction price has also been considered as a relevant input, where appropriate, after considering whether there has been any significant change in market conditions between the acquisition date and the reporting date.

Notes:

(i) Capital Reserve:

The Capital Reserve represents accumulated capital surpluses created through specific corporate restructuring and statutory transactions rather than operational profits. It primarily comprises the surplus arising from the transfer of assets and liabilities of the erstwhile Carbon Black Division, along with the nominal value of equity shares forfeited due to the non-payment of call money in prior years.

Additionally, it includes the capital reserve recognized upon the amalgamation of Associated Polymers Limited (a wholly-owned subsidiary), representing the differential amount between the carrying value of investments and the net assets acquired, accounted for in accordance with the scheme of amalgamation approved by the Jurisdictional High Court, Mumbai.

(ii) Capital Redemption Reserve:

An amount of ₹ 30.60 Lakh (equivalent to nominal value of the equity shares bought back and cancelled by the Holding Company in the Year Ended March 2019) has been transferred to Capital Redemption Reserve from General Reserve pursuant to the provisions of Section 69 of the Companies Act, 2013 and article 8 of the Articles of Association of the Company.

(iii) General Reserve

General reserve represents the statutory reserve. In accordance with the erstwhile Companies Act 1956, it was mandatory to apportion a part of the Profit to the General Reserve before declaring Dividend. However under Companies Act, 2013, transfer of any amount to general reserve is at the discretion of the Company.

(iv) Retained Earnings

Retained earnings represents undistributed profits of the Company which can be distributed to its equity shareholders in accordance with the provisions of the Companies Act, 2013.

(v) Items of Other Comprehensive Income

The holding Company recognises the gain or loss on fair value of non-current investments under Items of Other Comprehensive Income.

(vi) During the year ended 31 March 2026, the Board of Directors has not proposed any final dividend on equity shares of the holding Company, as against Nil final dividend proposed for the previous year. Further, no dividend has been paid during the year. During the previous year, the holding Company had paid final dividend of ₹ 699.31 lakhs, being ₹ 7 per equity share, proposed for FY 2023–24 and approved / paid during FY 2024–25.

Board of Directors of Subsidiary Company (Duncan Engineering Limited) has recommended dividend of ₹ 3.00 (Previous year ₹ 3.00) per share which is subject to the approval of the shareholders in the ensuing Annual General Meeting and not recognised as liability in the Financials.

25 DISCONTINUED OPERATIONS

- a. The Scheme of Arrangement as approved by the Board of Directors at its meeting held on May 22' 2022 for the demerger of the Chemical business undertaking of the Company ('Demerged Company') into OCCL Limited ('Resulting Company') on a going concern basis has received requisite approval from National Company Law Tribunal ('NCLT') vide its order dated April 10' 2024. In terms of the NCLT Order, the Hon'ble NCLT had suo motu amended the said Appointed Date to be the date of pronouncement of the NCLT Order i.e. April 10' 2024. The Company had filed an Appeal before the Hon'ble National Company Law Appellate Tribunal, New Delhi Bench ("NCLAT"). The Hon'ble NCLAT vide its order dated May 27' 2024 allowed the said Appeal and has held that the Appointed Date of the Scheme is the Effective Date as mentioned in the Scheme. Respective companies have filed the certified true copy of NCLT and NCLAT orders along with the sanctioned scheme with the Registrar of Companies on July 01' 2024. Accordingly, the appointed date and the effective date of the scheme is July 01' 2024.

The Company has accordingly charged the difference between carrying value of assets and liabilities amounting to ₹ 37,494.57 Lakhs (Loss) in the statement of profit and loss account as ""Exceptional Items - Profit/(Loss)"" in compliance

Notes to Consolidated Financial Statement for the year ended March 31, 2026

with IND AS 105, Non-current Assets Held for Sale and Discontinued Operations. The carrying value of assets of ₹ 56,734.98 Lakhs and liabilities of ₹ 19,240.41 Lakhs related to Manufacturing business of Insoluble Sulphur & Chemicals is carried as assets held for sale in financials as on June 30' 2024. Further, upon the scheme becoming effective, the investment made by the demerged company in resulting company shall stand cancelled.

As consideration for demerger, the resulting company will issue its equity shares to each shareholder of the demerged company as on record date in the ratio of 1:1 (i.e. 5 shares of ₹ 2 each will be issued by the resulting company for every one share of ₹ 10 each of demerged company).

The net results of Manufacturing business of Insoluble Sulphur & Chemicals for comparative quarters/periods are disclosed separately as discontinued operations as required by IND As 105.

b. RESTATEMENT OF FINANCIAL STATEMENTS

Subsequent to demerger as referred in note no. 23 above, the company has restated its Financial Statements for the year ended March 31, 2024 to disclose true and fair view of financials in accordance with Ind AS 8 (Accounting Policies, Changes in Accounting Estimates and Errors). Thus, fair value gains and losses from some Equity / AIF investments earlier measured as at Fair Value through Other Comprehensive income (FVTOCI) is reclassified to Fair Value through Profit or Loss (FVTPL), as outlined in Ind AS 109. These adjustments have impacted the financial statements for the year ended March 31, 2024 and 31 March 2025. Due to above re-statement there is a shift of reserves from OCI to retained earnings. However, overall the reserves remain same. This restatement did not have any impact on the balance sheet.

Note:

Investment in equity shares of subsidiary company is measured at cost as per Ind AS 27 "Separate Financial Statements" and are not required to disclose here.

The fair value of cash and cash equivalents, other bank balances, short term loans, current financial assets, current financial liabilities and borrowings at their carrying amount.

Fair value hierarchy

The fair value of financial instruments has been classified into three levels based on the inputs used in the valuation techniques. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

The categories used are as follows:

Level 1 It includes financial instruments measured using unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date. A financial instrument is classified as Level 1 if it is listed on an exchange and quoted in an active market. This includes listed equity instruments and mutual fund units having quoted prices. Listed equity instruments and are valued using the closing quoted price as at the reporting date. Mutual fund units are valued using the closing Net Asset Value (NAV).

Notes to Consolidated Financial Statement for the year ended March 31, 2026

Level 2 It includes financial instruments that are not traded in active markets but whose fair value is determined using valuation techniques that maximise the use of observable market data, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, or inputs that are observable for substantially the full term of the financial instrument. If all significant inputs required to fair value an instrument are observable, the instrument is classified as Level 2.

Level 3 It includes financial instruments where one or more significant inputs used in the valuation technique are not based on observable market data. Level 3 inputs incorporate market participants' assumptions about risk and the risk premium required by market participants for bearing that risk. The Company develops Level 3 inputs based on the best information available in the circumstances.

The following tables describe the valuation techniques used in measuring fair values, including the significant inputs used, wherever applicable.

Instrument type	Fair value hierarchy	Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Investment in mutual funds	Level 1	Units held in mutual funds are measured at fair value based on the closing Net Asset Value (NAV) declared by the respective mutual fund as at the reporting date. NAV represents the price at which units are issued / redeemed by the mutual fund, subject to applicable exit load and other terms of the scheme, wherever applicable.	Not applicable	Not applicable
Investment in unlisted equity instruments	Level 3	The fair value of investments in unlisted equity instruments is determined based on the latest available information, including recent allotment / issue price of equity shares by the investee company, as evidenced by relevant corporate filings such as PAS-3, recent fund-raising transactions, net worth / financial position of the investee company and other relevant factors considered by the management. Where recent transaction price is considered representative of fair value, the same is used as the basis for fair valuation, subject to adjustments, if any, for material changes in facts and circumstances up to the reporting date.	Recent issue / allotment price, financial position of the investee company, business performance, liquidity conditions, recoverability assessment and other entity-specific factors.	Increase / decrease in the recent issue / allotment price, net worth or expected recoverability of the investee company would increase / decrease the fair value of the investment. Adverse business developments or deterioration in the financial position of the investee company would reduce the fair value.
Investment in unlisted preference shares / compulsorily convertible preference shares	Level 3	The fair value of investments in unlisted preference shares / compulsorily convertible preference shares is determined based on the latest available information, including recent allotment / issue price of similar or comparable securities by the investee company, as evidenced by relevant corporate filings such as PAS-3, terms of the instrument, conversion rights, financial position of the investee company and other relevant factors considered by the management. Where recent transaction price is considered representative of fair value, the same is used as the basis for fair valuation, subject to adjustments, if any, for material changes in facts and circumstances up to the reporting date.	Recent issue / allotment price, rights and preferences attached to the instrument, conversion terms, financial position of the investee company, business outlook, liquidity conditions and recoverability assessment.	Increase / decrease in the recent issue / allotment price, value of underlying equity, net worth or expected recoverability of the investee company would increase / decrease the fair value. Any adverse change in business outlook, liquidity or recoverability would reduce the fair value.
Investment in Alternative Investment Funds	Level 2	Units held in Alternative Investment Funds are measured based on the latest available Net Asset Value (NAV) declared by the respective fund, after considering redemption restrictions and other relevant terms, if any. NAV represents the price at which the fund issues or redeems units from investors, subject to the terms of the fund documents.	Not applicable	Not applicable

29 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

A Financial risk factors

The Group is primarily engaged in investment activities and trading of commodities, including commodity transactions executed on the Multi Commodity Exchange (MCX) with physical delivery. The Company's activities expose it to financial risks such as credit risk, market risk, liquidity risk, interest rate risk, investment price risk and commodity price risk. The Company's risk management framework focuses on monitoring market conditions, liquidity position, investment portfolio, borrowings, commodity price movements and counterparty exposures to minimise potential adverse effects on its financial performance.

i. Credit risk

Credit risk is the risk of financial loss to the Company if a counterparty fails to meet its contractual obligations. The Company's credit risk primarily arises from bank balances, deposits, loans, other financial assets, investments and receivables, if any, arising in the ordinary course of business. The Company manages credit risk by dealing with reputed banks / financial institutions, approved counterparties / intermediaries and by periodically monitoring investment exposures, fund NAVs, counterparty balances and recoverability of financial assets.

The Company assesses impairment of financial assets at each reporting date in accordance with Ind AS 109, Financial Instruments. Based on the nature of financial assets, credit profile of counterparties, historical experience, settlement pattern and management's assessment of recoverability as at 31 March 2026, the expected credit loss, if any, is not material. Accordingly, no expected credit loss allowance has been recognised in the standalone financial statements.

ii Market Risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market prices. The Company's exposure to market risk primarily comprises interest rate risk, investment price risk and commodity price risk.

a) Investment price risk

The Company is exposed to price risk in respect of investments measured at fair value. The fair value of such investments may fluctuate due to changes in market prices, NAVs of funds, valuation of underlying investee companies, business performance, liquidity conditions and other market factors. The Company manages such risk through periodic review of its investment portfolio, available NAVs / valuation reports / corporate filings and other relevant information.

Notes to Consolidated Financial Statement for the year ended March 31, 2026

b) Foreign Currency risk

The primary market risk to the Group is foreign exchange risk. The Group uses derivative financial instruments to reduce foreign exchange risk exposures and follows its risk management policies to mitigate the same. After taking cognisance of the natural hedge, the Group takes appropriate hedges to mitigate its risk resulting from fluctuations in foreign currency exchange rate(s).

The following table analysis foreign currency risk from financial instruments as of March 31, 2026:

Sensitivity Analysis

A reasonable possible strengthening (weakening) of the Indian Rupee at March 31 would have affected the measurement of financial instruments denominated in Foreign Currencies and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. A 1% increase or decrease is used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonable possible change in foreign currency rate.

1% Increase and Decrease in Foreign Exchange rates will have the following impact on Profit before tax.

(₹ in Lakhs)

Particulars	2025-2026		2024-2025	
	5 % Increase	5 % Decrease	5 % Increase	5 % Decrease
USD Sensitivity	(252.53)	252.53	(441.15)	441.15

b) Interest Rate Risk and Sensitivity

The Group's exposure to the risk of changes in market interest rates relates primarily to long term debt. Borrowings at variable rates expose the Group to cash flow interest rate risk. With all other variables held constant, the following table demonstrates composition of fixed and floating rate borrowing of the Group and impact of floating rate borrowings on Group's profitability.

iii Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its financial obligations as they fall due. The Company manages liquidity risk by monitoring cash flows, maintaining adequate liquidity and reviewing maturity profiles of financial assets and liabilities to meet operational, investment and debt servicing requirements.

The table below provides details regarding the contractual maturities of significant financial liabilities as of March 31, 2026:

iv Commodity Price Risk

The Company is exposed to commodity price risk on account of trading in commodities, including transactions executed on MCX with physical delivery. Commodity price risk arises due to fluctuations in commodity prices between purchase, sale, settlement and delivery of the underlying commodity. The Company manages such risk through continuous monitoring of commodity price movements, matching of purchase and sale positions, margin monitoring, settlement discipline and transaction-level controls.

B Capital Risk Management

The Company's Policy is to maintain an adequate capital base so as to maintain creditor and market confidence and to sustain future development. Capital includes issued capital, share premium and all other equity reserves attributable to equity holders. In order to strengthen the capital base, the Company may use appropriate means to enhance or reduce capital, as the case may be.

34 EMPLOYEE BENEFITS

A Holding Company :

The Company participates in defined contribution and benefit schemes, the assets of which are held (where funded) in separately administered funds. For defined contribution schemes the amount charged to the statements of profit or loss is the total of contributions payable in the year.

a) Defined Contribution Plans

Amount recognized as an expense and included in Note No. 19 Item "Contribution to Provident and Other Funds" ₹ 7.92 Lakh (Previous year ₹ 8.64 Lakh)

b) Other long-term benefits

Amount recognized as an expense and included in Note No. 19 Item "Long Term Compensated Absences" ₹ 4.06 Lakh (Previous year ₹ 11.66 Lakh) .

c) Defined benefits plans - as per actuarial valuation

Gratuity Expense ₹ 8.27 Lakh (Previous year ₹ (18.08) Lakh) has been recognized in "Gratuity" under Note No. 19 as per Actuarial Valuation.

The Company has a defined benefit gratuity plan, which is funded. The Company provided for gratuity for employees in India which is governed by the provisions of the Payment of Gratuity Act, 1972, which has been subsumed into the Code on Social Security, 2020. Employees who have completed five years of continuous service are entitled to gratuity upon separation, retirement, or death. Gratuity is calculated as 15 days' wages for each completed year of service, with "wages" defined under Section 2(y) of the Code on Wages, 2019 to constitute at least 50% of total remuneration. The broadened wage definition increases the gratuity obligation compared to earlier years, and the liability is determined through actuarial valuation using the projected unit credit method in accordance with Ind AS 19.

XI. Description of Risk Exposures:

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such company is exposed to various risks as follow -

- Salary Increases- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- Investment Risk – If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- Discount Rate – Reduction in discount rate in subsequent valuations can increase the plan's liability.
- Mortality & disability – Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- Withdrawals – Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.
